MTi - Quality Policy

At MTi, we work to deliver industrial automation solutions with excellence, ensuring customer satisfaction, compliance with applicable requirements, and the continuous improvement of our Quality Management System.

Our commitments:

Customer Focus

Understanding needs, offering efficient solutions, and ensuring the best cost-benefit ratio, with agile and reliable service.

Quality and Continuous Improvement

Continuously improving processes, reducing waste, innovating, and using performance indicators to enhance results.

People Development

Developing and training our employees, fostering a safe, collaborative, and results-oriented work environment. Preventing accidents and preserving everyone's well-being.

This policy is communicated, understood, and periodically reviewed to ensure alignment with MTi's strategies.
